

KS5 APA Pro

- School, Subject, Class & Group analysis using Level 3 Value Added methodology.
- Calculates key headline figures.
- Single page summaries for subjects and classes.
- Useful for class teachers through to leadership.
- Highlights progress using subject specific graphs – student names appear when data point selected.

Please find below a brief description of each page found within the KS5 APA Pro.

APA Pro - Graph that demonstrates progress made from KS4 to KS5 at subject level using official L3VA methodology. The data points on the graph can be clicked and the student names will appear. Very useful for class teachers/subject leaders.

Headlines – Calculates the key performance indicators such as Level 3 Value Added and highlights figures that are significantly different to national. Very useful for leadership teams and heads of year.

Data – Full list of pupils and their grades, colour coded compared with target. Useful for all levels of staff.
